## *Action Taken Report on Feedback (2020-21)*

- Activities are planned for better results and holistic development.
- Industry expert guest lectures have been scheduled.
- Internet facility with high bandwidth has been provided.
- Library hours have been extended.
- Gymnasium has been modified with all sophisticated instruments and tools.
- More responsibilities are given to student's core committee members.
- Different cultural activity and sports activity have been planned.
- Students are made aware of these facilities during Orientation Programs in the beginning.
- More of industrial visits and field visits are conducted now. Teachers are asked to undertake more experiential teaching learning process. Teachers are also using Flip learning for enhancing teaching learning experience.
- As in the syllabus of the program there is two Medicinal chemistry subjects so new regulation with the required changes has been planned.

The implementation of beyond syllabus courses through coursera courses has been done.
