Extension Activities

2020-21

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year.

GNIPST is committed to high standards of academic excellence and their holistic development of students. We here, constantly strive to enable individuals to traverse through learning, achieve success and go beyond their success to become life-long learners such that adversities transform into opportunities for excellence. We instil in student the spirit to battle against odds and to take risks by finding their own pathways howsoever the road through the counselling. The faculty in turn has periodical meeting with students in order to evaluate their academic performance and proper orientation towards the programme as well as guide them to rectify any short comings and to solve any problems.

Students Life Centre (SLC): GNIPST has developed Students Life Centre (which include 8 clubs) for all round development of the students. Which helps to engage students for different cultural activities; debate and extempore; sports activities, social service photography and painting etc to promote the all activities under the mandatory additional requirement as prescribed by University.

Blood Donation Camp
