Report *Student Satisfaction Survey*

2020-21

STUDENT SATISFACTION SURVEY

All the efforts of teachers and the institution to make learning a meaningful process can be considered impactful only to the extent students perceive it to be meaningful. Their satisfaction level is decided by the kinds of experiences they undergo, the extent of the “comfort” feeling as well as intellectual stimulation the learning situations provide. Their feedback significantly showcases the actual quality of teaching learning process enabling identification of the strengths of teaching as well as the possible improvements. Student satisfaction, thus, is a direct indicator of the effectiveness of teaching learning in the institution. It may be impractical to capture this aspect from every student; however, every HEI can resort to a sample survey on a formalized basis to capture this significant feature. This is the reason the revised assessment framework of NAAC adopts survey of student satisfaction.

DESCRIPTION:

- The student satisfaction survey of Guru Nanak Institute of Pharmaceutical Science & Technology is conducted through the student feedback process regarding Teaching, Learning and Evaluation process which is a helping tool in upgrading the quality of education.
- The student will have to respond all the questions given in the following format:

STUDENT DETAIL:

Name	
Age	
Gender	
Course	
Year	
Semester	

STUDENT SURVEY FORM:
