

**Guru Nanak Institute of
Pharmaceutical Science &
Technology**

**Exit Feedback Analysis Report
YEAR 2018-19**

Guru Nanak Institute of Pharmaceutical Science & Technology conducted surveys and interactive sessions for the stakeholders of the institute to seek feedback on the draft strategy document. It is hoped that the process of obtaining feedback will result in the involvement of relevant stakeholders in building the strategy document and plan for the institute.

The survey was conducted as continuous basis. The feedback survey was done including different stakeholders like students, faculty, employer, alumni and guardian.

Key accomplishments of this process include the following:

- Survey opens to all stakeholders (students, employer, alumni and parents) to get feed- back on the draft strategy document
- Special Faculty discussion on draft document
- Focus group discussion on time-to-time basis.

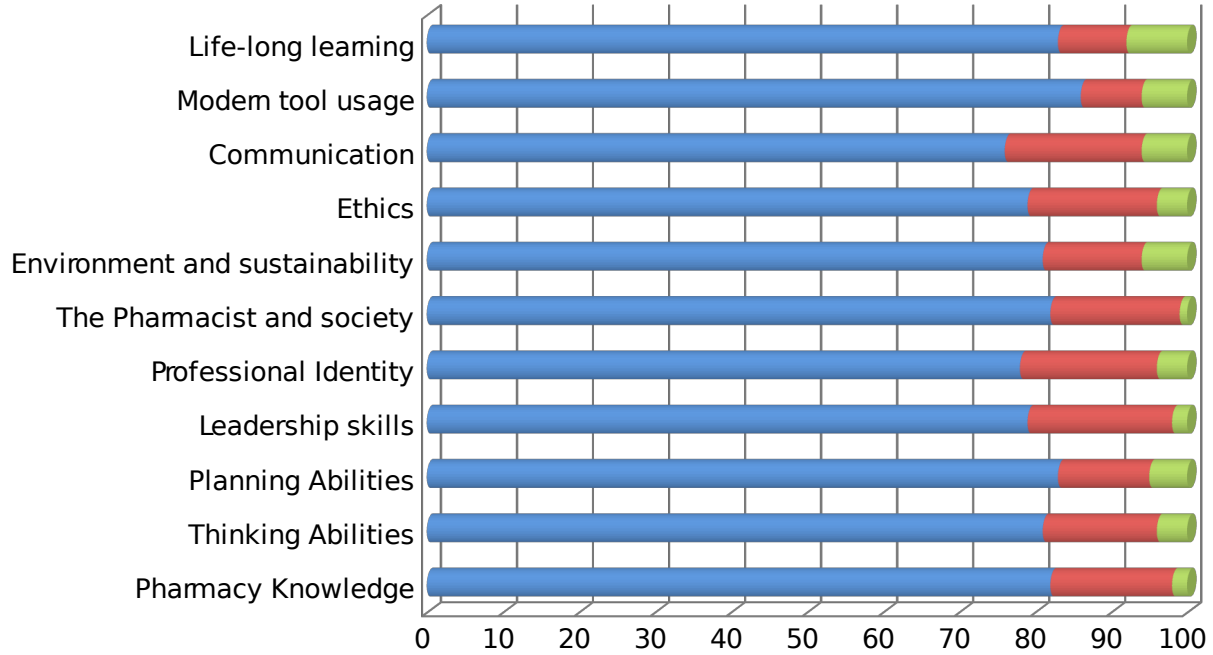

Feedbacks were collected from different stakeholders like students, alumni, employer, parents. A total number of 249 feedbacks were collected in which 189 were student's, 25 were parents', 15 were employer's and 20 were alumni feedback response. The survey included questions of different aspects which emphasizes on curriculum, teaching quality, infrastructure etc.

All stakeholders are asked about different aspects of teaching learning pedagogy, facility and infrastructure, any other course requirement etc. Questions are basically quantitative in nature although stakeholders can comment by their own at their end of feedback.

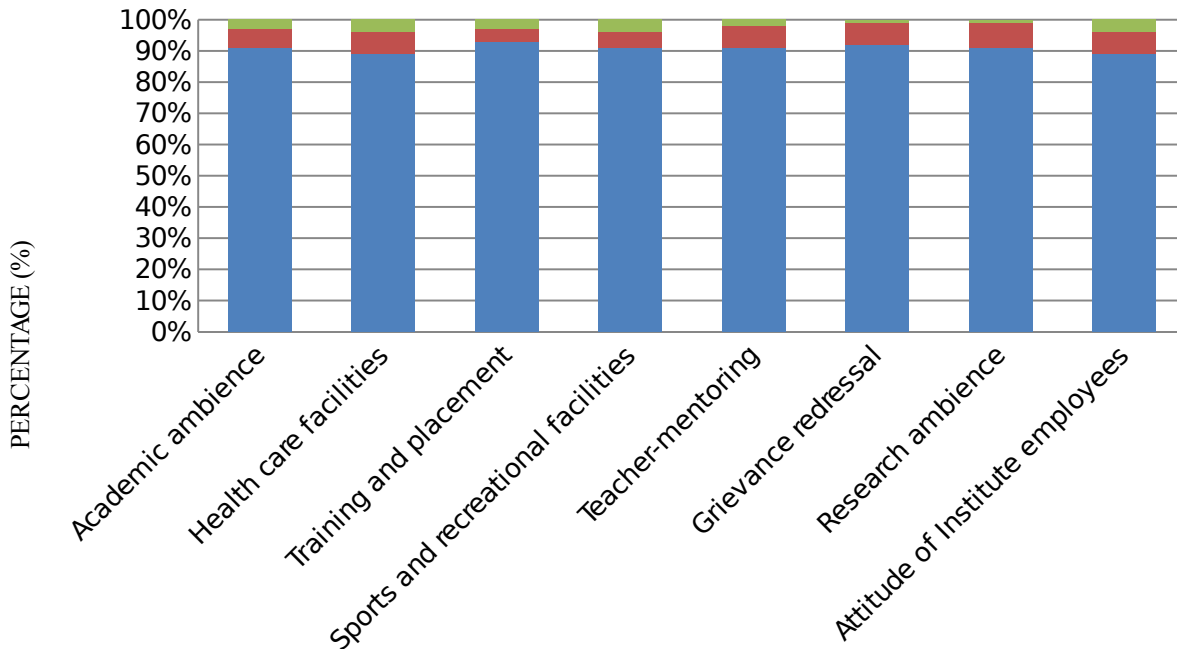

Summary of Exit survey:

There is requirement of exit survey from the final year students to enhance and assure about the quality of the educational approaches. The overall consolidation of the exit survey reveals that the final students have rated the curricular aspects on a positive scale. They are very much satisfied with the academic ambience given in the college and they have given positive feedback on training and placement activity of the college. They have given positive response onto the motivational aspects of the teachers.
